Entertainment

2024 Campbell

2024 Preliminary Rules of Play (Page 1):

Format: Jim and Bill Flights (Men's):

Friday: Best Ball (Holes 1-9), Scramble (10–18)

Saturday: Scramble (Holes 1-9), Chapman (Holes 10–18)

Campbell Flight (Ladies):

Friday: Shamble (Holes 1-9), Scramble (Holes 10 –18)

Saturday: Scramble (Holes 1-9), Shamble (Holes 10 –18)

Skins: Optional Net Skins Game (within flight): \$100 per team

Format Details: Best Ball:

Team's score will be determined by the "better net score" on each hole with a maximum of net triple bogey.

Handicaps: Players receive 85% of their course handicap.

Shamble (1 Best Ball Net):

Each player tees off and the best shot is selected. Players select the best tee shot and play their own ball until the ball is holed. The team score will be determined by the "better net score" on each hole with a maximum of net triple bogey. After the tee shot only, players may both play from within one club-length (one putter-head length on the green), maintaining the integrity of the lie (i.e. ball in the rough stays in the rough).

Handicaps: Players receive 80% of their course handicap (rounded to nearest tenth).

Scramble:

Each player tees off and the best shot is selected. Both players hit from that spot, within one club-length (one putter-head length on the green), maintaining the integrity of the lie (i.e. ball in the rough stays in the rough) and repeat this procedure until the ball is holed.

Handicaps: Combined 35% of A player, 15% of B player, divided by 2 for 9 holes (rounded to nearest tenth).

Chapman:

Each player tees off. Players then switch and play their partner's ball for the second shot. After both players have hit the ball twice, the team selects the best ball and alternate until the ball is holed with a maximum score of net triple bogey. Any penalty strokes incurred **do not** affect the order of play.

Handicaps: Combined 60% of A player, 40% of B player, divided by 2 for 9 holes.

**Handicap percentages above are based on USGA recommendations .*

Handicaps: 'Low Handicap Index' as of June 15 will be used.

Index Spread Provision: Players on a team with indexes differing by greater than 9.0 for the men's Jim and Bill flights and 12.0 for ladies' Campbell flight will result in the higher player's index being reduced to within that spread of the lower player's index prior to flighting, handicap calculations, allowances, formats, etc.

2024 Campbell

2024 Preliminary Rules of Play (Page 2):

- Flights:** Flights are determined by the teams' total handicap indexes (after index spread adjustment) in ascending (low to high) order for each flight. Strokes are allocated as they fall.
- Tees:** Men will be set to play the II tees (approx. 6500 yds.). *If a player's age & Low Handicap Index combine to 65+, they may play the III tees (approx. 6000 yds.)*
Typically, a player's III tee handicap is 2-4 strokes lower than their II tee handicap
Note: The Men's Gross prize will be awarded to a II tee playing team
All Ladies will play the V tees (approx. 4800 yards)
- Ties:** A tie for the Men's or Ladies' Overall Champions will be decided by a sudden-death playoff starting on #17, then #18. If still tied, #18 will be repeated until a winner is decided. Men will play a Chapman, while Ladies will play a Shamble. Players will play the same tees (with any strokes) from the tournament proper. All Flight ties will be broken by Saturday/Round 2's round with the lowest 18-hole net score winning. If this results in a tie, then the last 9, last 6, etc. from Round 2 will be used.
- Inclement Weather:** Should inclement weather prohibit the finishing of all rounds, scoring will be calculated based on 9 holes completed at a time. Flight places will be determined by the most number of 9-hole rounds all teams in the flight have completed.

Local Rules to help with pace of play and fun for all players:

- **“Gimme” Rule:** A putt may be considered a “gimme” if it is closer to the hole than the distance between the metal bottom of the flagstick and the inside/bottom edge of the black tape. A ‘Gimme’ does count as a stroke.
- The 14 Club Rule is in effect.
- Relief may be taken from **sod seams** only of any newly laid sod.
- **Sprinkler Head Close To Putting Green** (Model Local Rule F-5): For a ball in the General Area, a player may take relief under Rule 16.1b if the sprinkler head is on the line of play (reasonable), within two club-lengths of the putting green, and within two club-lengths of the ball.
- For any rules questions that cannot immediately be decided, please play and hole 2 balls under Rule 20.1c(3) and seek a Golf Professional after play.
